

CALL FOR PAPERS

Journal of Flood Engineering (JFE)
Editor-in-chief: A/Prof. Dr. Saeid Eslamian, IUT, TMU,
Australian University of New South Wales (Ph.D. Adviser:
Emeritus Prof. David H. Pilgrim), Former V. Prof. of Princeton
University, United States, Research Partner of ETH Zurich and
EPFL, Switzerland.
Jflood.eng@gmail.com, eslamian@ndrd.org

Associate Editors:

Kazimierz Adamowski, Adjunct Professor, University of Ottawa,
Canada.
Benigno E. Aguirre, Professor, University of Delaware, USA.
Jean E. Berlamont, Professor, University of Leuven, Belgium.
Mitja Brilly, Professor, University of Ljubljana, Slovenia.
Colin Green, Professor, Middlesex university, UK.
Khaled H. Hamed, Associate Professor, Cairo University, Egypt.
Anisul Haque, Professor, Bangladesh University of Engineering
and Technology, Bangladesh.
Peter Kinnell, Associate Professor, University of Canberra,
Australia.
Donald W. Knight, Emeritus Professor, University of Birmingham,
UK.
Mark G. Macklin, Professor, Aberystwyth University, UK.
Maria A. Mimikou, Professor, National Technical University of
Athens, Greece
Charles Pearson, Regional Manager, National Institute of Water
and Atmospheric Research, NZ.
Artur Radecki-Pawlik, Professor, Agricultural University of
Krakow, Poland.
Witold G. Strupczewski, Professor, Polish Academy of Sciences,
Poland.
Bruce William Webb, Professor, University of Exeter, UK.
Alan Werritty, Professor, University of Dundee, UK.

The Journal of Flood Engineering (JFE) is the peer reviewed
technical publication of research and novel practical studies
on flood and related topics. The Journal accepts papers dealing
with all aspects of flood engineering and applied sciences,
streamflow quantity, quality and ecology modelling and
statistics, river management and both social and health aspects
of flooding. Contact JFE, if you want to submit a paper at
Jflood.eng@gmail.com, if you would like to serve as a potential
reviewer at Eslamian@ndrd.org with including your CV. If you
know of others that may have a paper that can be published,

please forward this information to her or him or invite them to visit our JFE web site at

<http://www.serialspublications.com/journals1.asp?jid=324&jtype=1>

The Journal will be published 2 issues each year by Serials Publications www.serialspublications.com. Serials Publications was came into limelight in 1981 with the objective of fetching legendary international publishers, vendor and global subscription agents of books and academic journals. The books and journals released by Serials Publications always keep pace with the international standards of quality, with authors and editorial members across the globe. It propagates the laissez-faire objectives of the University Institutes to further education and learning through publications that replicate the explicit needs of the country that it doles out.

Examples of areas covered by the journal include, but are not restricted to

- Hydrology of Extreme Floods
- Coastal Surge Flooding
- Climate Change
- Flood Hazard Management
- Flood Forecasting and Infiltration Modeling
- Flood Warning Techniques
- Disaster Recovery
- Human and Flood
- Land Use Management
- GIS and Flood Zoning
- Policy and Legislation
- Environment and Flood
- Snowmelt Flooding
- Rainwater Harvesting
- Health and Social Aspects of Flooding
- Economical Analysis
- Regionalization
- Geostatistics
- Flood Frequency Analysis
- Rainfall Runoff Modeling
- Flood Insurance
- Arctic Flood
- Urban Flood
- Flood Risk Analysis
- Flood Uncertainty
- Habitat Aspects of Flooding
- Sedimentation and Water Erosion
- Data Mining and Remote Sensing

- PMP and PMF Estimation
- Flood Control Structures
- Flood Case Studies
- River Engineering
- Floodplain Management
- Reservoir Optimization
- Flood Damages
- Flood Spreading
- Paleoflood
- Flood Indices

Dr. S. Saeid Eslamian, IUT, TMU, Australian University of New South Wales

Associate Professor of Hydrology and Risk Analysis

IUT Head of Water Department

Former V. Prof. of Princeton University

Research Partner of ETH Zurich and EPFL Switzerland

Editor-in-Chief, Journal of Flood Engineering (JFE)

Editor, Bulletin of Statistics and Economics (BEE)

Guest Editor-in-Chief, International Journal of Water (IJW)

Guest Editor-in-Chief, International Journal of Global Energy Issues (IJGEI)

Regional Editor, Australian Journal of Basic and Applied Sciences (AJBAS)

Regional Editor, Journal of Applied Sciences (ISI Index)

Regional Editor, Research Journal of Environmental Sciences (ISI Index)

Regional Editor, Journal of Fisheries and Aquatic Sciences (ISI Index)

Associate Editor, International Journal of Ecological Economic and Statistics (IJEES)

GCC Network for Drylands Research and Development (NDRD)

Project Mentor, United States Civilian Research and Development Foundation (USCRDF)

Jflood.eng@gmail.com, Prof.Eslamian@gmail.com, Eslamian@ndrd.org
